Professional summary	
PMO and reporting professional with 12+ years running performance reporting on large multi-contractor programmes in energy and industry (Iraq, Kazakhstan). Built reporting procedures and approval workflows from scratch, tracked plan vs actual on schedule and budget, and turned deviations into management decisions. Now moving into business intelligence: MSc in Information Management (BI) at NOVA IMS, Power BI, SQL and Python, plus a self-built SQL training app (quaera.app). Seeking PMO, reporting or BI analyst roles in Lisbon.	
Work Experience	
09/2024 — 09/2025 Lead Reporting Specialist — EuroChem Karatau (chemical complex project, Kazakhstan) - Built weekly management reports and KPI dashboards (Excel, PowerPoint) for head office - Grew the report with the project (metrics, milestones, commissioning) and new data owners - Automated consolidation in Excel to handle growing data volume; flagged critical issues early	
04/2013 — 04/2020 Planning & Reporting Manager — GazpromNeft Business Service (Badra oilfield, Iraq, USD 2bn+) - Owned daily-to-monthly reporting on a ~USD 80M scope (2 contractors) feeding partner-meeting reports - Worked with multinational contractors to recover schedules and set priorities; verified progress on site - Tracked schedules in Primavera P6; flagged critical-path risks, root causes of delays and mitigations - Monitored budget execution: planned vs actual costs and payments - Moved to track process facilities after the camp contractor withdrew	
11/2008 — 04/2013 Reporting Manager — OGCC KazStroyService (gas compressor stations and pipelines, Kazakhstan) - Set up project reporting procedures and approval workflows with the client - Collected, cleaned and consolidated data from multiple sources into management reports - Prepared executive presentations and project schedules (MS Project) - Coordinated cost tracking with vendors and subcontractors	
12/2021 — 07/2024 Chairman of the Board — Homeowners' Associations (OSI KAYRA, OSI MECHTA, Kazakhstan) Ran two residential complexes (190 flats): utility and service contracts, heating, CCTV	
04/2019 — 12/2023 Deputy Manager — Atlantis children's language centre (LLP Uniline, Kazakhstan) Interviewed and hired teachers, covered classes, purchased equipment and learning materials	
Analytics Projects - Quaera (quaera.app): SQL & pandas trainer on a self-designed 12-table synthetic FMCG dataset - Arctic Math Rescue: children's math game (EN/RU) on Google Play; both built with AI coding agents	
Other Experience: Deloitte (Assistant Auditor), KIMEP University (Teaching Assistant), USKO Intl. (Marketing & Warehousing Intern), National Transportation Center (System Administrator)	
Education	
MSc in Information Management (Business Intelligence) — NOVA IMS, Lisbon, 2026 – present Modules: data mining, process mining, BPM, database systems, data-driven decision making
